business owners for its simplicity of processes and Great Lifestyle.

### **AUSTRALIA**

The land down under geographically. But a favorite destination in the Far East. Great outdoors and fun lifestyle.

### **UNITED ARAB EMIRATES**

A massive construction boom, an expanding manufacturing base and a thriving services sector are helping the UAE diversify its economy. A tax free and pro business environment are the other things in favor.

Dubai, gave the world a shock with a \$100 bn default warning, but has recovered quickly with the largest emirate of UAE – Abu Dhabi coming to the rescue.

### **CANADA**

A destination that has been dropping in popularity due to unjustifiable backlogs and delays. A doubling of investment required (from C\$800,000 to C\$1,600,000) has further reduced the attractiveness of this program. Favored by those who have family links and a desire for the Canadian lifestyle.
